If interns want to travel **abroad** during their stay in Russia (holders of multi-entry visas can do it), registration of visa has to be made again every time upon returning back to Russia. If accommodation is booked with ProfIntern, we will take care of each new registration at an extra cost of 40 euro. If interns book accommodation on their own, they are advised to make sure the flat owner they find is prepared to complete **all** their visa registrations for them.
